

•

Project Outline: Provide an outline of your paper or presentation.

Due TUESDAY May 25

1. **Topic and Research Question.** Describe the topic of your project. Identify the research question you are investigating as part of this description. **Research Methods:** Describe the research methods that you will use in your project.
2. **Previous Research on Your Topic.** Briefly summarize your outside sources and in-course materials that provide background for your project
3. **Findings.** Summarize what you have learned about your topic. If your findings are different or inconsistent with your research question, be sure and discuss that difference.
4. **Discussion.** Compare your findings with the materials you discuss in #3 above.
5. **Conclusions**
6. **References.** Please ensure that the names of all authors and titles of all sources are included.
7. **Preferred Mode of Presentation.** Do you want to write a paper? Or make an oral presentation to the class. Would you be willing to present during office hours on June 1, 3, or 8?
