

# UC San Diego's Center for Research on Educational Equity, Assessment and Teaching Excellence (CREATE)

Provides services to UC San Diego academics, staff and students  
as they seek new grant/philanthropic opportunities.

## SERVICES INCLUDE:

Pre-award Broader Impact (BI) Plan consultation, and when budgeted post-award broader Impact program services

Pre-award evaluation consultation, and when budgeted post-award evaluation services

Pre- and post-award IRB consultation

Pre- and post-award connections to K14 and other educational institutions/community non-profit partners

Pre- and post-award assistance in navigating requests for K14 data access, letters of commitment, etc.

Assistance understanding the present-day equity needs and directions of the San Diego K14 educational community

Assistance with understanding key equity issues facing undergraduate and graduate students, particularly in STEM fields

CREATE's CREATE STEM Success Initiative (CSSI) is an 8-year-old, campus-funded initiative to support UC San Diego academics, faculty, staff and students in their quest to bring effective, educational, and equity-minded programs to the broader high-need San Diego community in ways that are welcome and helpful to all. CSSI program staff have been instrumental in both leading and supporting hundreds of successful grants to NSF, NIH, DoDEA, Dept of Defense, Dept of Education, ONR, CA Dept of Ed, UCOP, and many other philanthropic foundation proposals.

**Contact us as early as possible when planning to write a proposal in order to maximize our ability to support your work!**
